

Elastic

KNEE

Support

Improved fit and feel! This lightweight elastic knit provides firm support and maintains full range of movement for stiff, weak or sore knees. The contour design prevents bunching and slippage, ensuring a proper fit. A stretch panel over the knee cap and behind the knee provides improved comfort. New wider edges minimize skin marks and prevent rolling.

- Contour design prevents bunching
- Custom top weave prevents rolling
- Contains Natural Rubber Latex
- Fits left or right
- FSA Eligible
