

# Adjustable BACK Brace

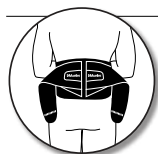

This adjustable brace provides firm support to help relieve lower back pain without restricting movement. Ideal for back strains, sprains, and moderate disc and arthritic conditions. Designed to provide support during activity to help relieve sore and aching backs. Lightweight, breathable fabric for comfortable all-day wear.

- Steel springs help support weak or injured backs
- Tapered cut provides a comfortable fit for men & women
- Front closure for easy on and off
- Main elastic band is 9 inches high and creates broad support
- Second outer elastic straps are 4 inches high and allow for adjustable tension
- Contains Natural Rubber Latex
- FSA Eligible
